

PRESS RELEASE

March 17, 2020

Saline County Judge Jeff Arey announced today a plan to limit access to the Saline County Courthouse, the Courthouse Complex, and other County Offices beginning Wednesday, March 18 through March 31 to limit public exposure to COVID-19. Judge Arey stated “[w]e are instituting this cautionary measure (limiting access) in hopes that the citizens of Saline County will conduct business by phone, email, or online; we had hoped that a less intrusive method of placing signs at the entrances with the appropriate contact information of each office would have sufficed but Monday was even busier than usual – particularly in the Courthouse Complex at the State Revenue Office and at the county offices across and down the hall.” The purpose of restricting the access is so that “Saline County can ensure, as best can be reasonably accomplished, the health and safety of county employees and the public served by Saline County, and to provide for continued services by Saline County to our public.”

Access is limited to County Employees, Court Employees, and Elected Officials having offices in or conducting business in the respective buildings; and those individuals authorized by the respective offices to have access.

All emergency/mandatory Circuit Court proceedings will be held in the respective Divisions of Circuit Court. Individuals with questions regarding Circuit Court proceedings can call the Division in which their court case is assigned or the Circuit Clerk’s Office at 501-303-5615. The Circuit Court Division contact numbers are: First Division – 501-303-5635, Second Division – 501-303-5664, Third Division – 501-303-5628, and Fourth Division – 501-303-1584. All District Court proceedings will be held in the respective Divisions of District Court, Benton District Court – 501-303-5670 & Bryant District Court – 501-943-0440. Access to these courts are restricted to those with essential business.

If you have business in any of the following offices, please use the below contact information. ***Business should be conducted digitally, by phone, email, or online, if at all possible. If not possible, persons needing to conduct in person business with county offices should contact the office to schedule a meeting appropriate to their needs. Business that is not time sensitive should be postponed until after March 31, 2020, if at all possible.***
