

**1. Follow-up Question: What is the number of 911/EMS transports for each of the last 3 years?**

2018: 8613 Transports

2019: 8810 Transports

2020: 8581 Transports

**2. Could the actual heat map used in the RFP from the County be provided? Specifically, the Shapefile (SHP) used to create the map. Also, the actual data used in creating the map.**

Please send email to [angel.koder@salinecounty.org](mailto:angel.koder@salinecounty.org) , requesting the shapefile used by EFS Edge to create the 2020 EMS Response Heat Map. Additionally, the base data that went into creating that shapefile will be in the response from [angel.koder@salinecounty.org](mailto:angel.koder@salinecounty.org) .
